The Changing Academy â€œ The Changing Academic Profession in ... The Changing Academy series examines the nature and extent of the changes experienced by the academic profession. It aims to address these changes from an international comparative perspective, focusing at both the higher education system level as well as the STEM fields of science, technology, engineering and mathematics in particular. It explores both the reasons for and the consequences of these changes. The Changing Academic Profession | SpringerLink The study â€œThe Changing Academic Professionâ€• is the second major study of its kind, and changes of views and activities are presented through a comparison of the findings with those of the earlier study undertaken in the early 1990s. Major themes are the academicsâ€™ perception of their societal and institutional environments, the views on the major tasks of teaching, research and services, their professional preferences and actual activities, their career, their perceived influence and. Accelerating Academia - The Changing Structure of Academic ... Filip Vostal examines the changing nature of academic time, and analyzes the 'will to accelerate' that has emerged as a significant cultural and structural force in knowledge production. Filip Vostal is a Postdoctoral Researcher at the Centre for Science, Technology, and Society Studies at the.
